Ref: Case No. CIV-09-1284 (DLR)

Dear Judge Russell,

This is Simon Yang in answer to the Commission's motion for an order of contempt of court. Since this lawsuit began in November 2009 I have provided what I had in related with this lawsuit to the Commission, and have answered to those charges in writing; and have provided deposition with the Commission. I have fully cooperated with the Court to find out those facts of this lawsuit. I have nothing to hide from the Court.

I have not consulted with either any lawyer or Kenneth Lee for this lawsuit. I do not know what are answers of Kenneth Lee to this lawsuit or his depositions.

For helping PVC investing friends I sent few emails with updates and my personal understanding on this case. I did not receive any benefit or funds from those investing friends or PVC. By this date, I still hold my personal opinions or understandings on PVC without new information (like Ken Lee's depositions). I have not intended to mislead others with false statements.

Since the lawsuit is on going and I have limited information on this case, I will not give out my opinions on PVC or this case to other investing friends before the case ends.

I did tell the Receiver all my assets and debts during my deposition on December 11 2009. However, here were my family assets on November 20, 2009:

- Investments with PVC of around \$500,000 principal;
- House on 1912 NW 176th Terrace, Edmond, OK;
- Two automobiles (1996 Corolla and 2006 Sienna);

Joint Checking account of around \$3,000 with IBC Bank;
Saving account of around \$50 with Industrial and Commercial Bank of
China;
Two mortgages of around \$140,000 with Chase Bank and CitiMortgage;
Credit card debts of around \$70,000.

I am asking to have copies of depositions of Ken Lee and his family members
from the Commission, so that I will be well informed with this lawsuit. Please
send to me those pdf files by email.

Sincerely,

Simon Yang
